

Code No.02-1796

## SPECIFICATION

Bis{4-[ethyl-(2-hydroxyethyl)carbamoyl]benzyl} Trithiocarbonate  
for Organic Synthesis

| REQUIREMENT            | SPECIFICATION                              |
|------------------------|--------------------------------------------|
| Appearance             | Pale yellow ~ yellowish brown, crystalline |
| Solubility in methanol | powder ~ powder<br>to pass test            |
| Water                  | under investigation                        |
| Assay (HPLC)           | min.98.0%                                  |
