

## SPECIFICATION

p-Dimethylaminobenzaldehyde  
for Biochemistry

REQUIREMENT	SPECIFICATION
Appearance	White ~ slightly yellow, crystals ~ crystalline powder
Solubility in acetic acid	to pass test
Solubility in ethanol	to pass test
Solubility in dil.hydrochloric acid	to pass test
Melting point	73~75°C
Substances darkened by hydrochloric acid	to pass test
Sensitivity	to pass test
Practical test	to pass test
Assay	under investigation
