Code No.04-1640

SPECIFICATION

5,5'-Dithiobis(2-nitrobenzoic Acid)

for SH Groups Determination

REQUIREMENT	SPECIFICATION
Appearance	White ∼ pale yellow, crystalline powder ∼ powder
Solubility in phosphate buffer solution	to pass test
Molar absorptivity	min.19000
Suitability for SH group determination	to pass test

(1 / 1) revised on 2013/12/25
