

SPECIFICATION

3,6'-Di-O-sinapoylsucrose Standard
for Crude Drugs Determination

REQUIREMENT	SPECIFICATION
Description	Yellow, crystalline powder or powder
Identification	to pass test
Purity	-
Related substances	to pass test
* Solubility in methanol	to pass test
* Water	under investigation
* Assay (HPLC)	min.95.0%

based on The Japanese standards for non-Pharmacopoeial crude drugs [3,6'-Di-O-sinapoylsucrose for assay](*:Additional test performed by Wako)
