## **SPECIFICATION**

## Sodium Chloride

for Pesticide Residue-PCB Analysis

REQUIREMENT	SPECIFICATION
Appearance	White, crystals $\sim$ crystalline powder
Solubility in water	to pass test
pH of a 50g/I solution at 25℃	5.0~8.0
Loss on drying at 200℃	max.0.2%
Suitability for pesticide residue-PCB analysis	to pass test
Assay	min.99.5%
