## Trinexapac Standard for Pesticide Residue Analysis

| REQUIREMENT                              | SPECIFICATION                          |
|------------------------------------------|----------------------------------------|
| Appearance                               | Nearly white ~ slightly yellow, powder |
| Solubility in methanol                   | to pass test                           |
| Melting point                            | 148~152°C                              |
| Loss on drying over silica gel in vacuum | under investigation                    |
| Assay (HPLC)                             | min.99.0%                              |
