

Issue Date: 2020/02/25

**SAFETY DATA SHEET (SDS)**  
**per OSHA HazCom 2012**  
**According to 1907/2006/EC, Article 31**

**Section 1. PRODUCT AND COMPANY IDENTIFICATION**

Nitta Product : DME concentrated culture medium  
Company Name : Nitta Gelatin Inc.  
Address : 2-22 Futamata, Yao city, Osaka, Japan  
Zip Code : 581-0024  
Information department : Quality Assurance Department  
Phone number : +81-72-949-5381  
E-mail : info-qa@nitta-gelatin.co.jp  
Emergency phone number : +81-72-949-5381

---

**Section 2. HAZARDS IDENTIFICATION**

**Classification according to Regulation (EC) No 1272/2008:**

The substance is not classified as hazardous to health or the environment according to the CLP regulation

**Classification according to Directive 67/548/EEC or Directive 1999/45/EC:**

Not applicable

**LABEL ELEMENTS Labeling according to Regulation (EC)No1272/2008**

【SYMBOL】 None listed

【SIGNAL WORD】 None listed

**HMIS(Hazardous Materials Identification System) Class : 0~4】**

HEALTH	0	
FIRE	1	
REACTIVITY	1	

【Hazard statement】

May cause an allergic skin reaction. Inhalation may cause allergy, asthma, dyspnea.

【Other hazards】

Results of PBT and vPvB assessment

PBT: Not applicable

vPvB: Not applicable

---

### **Section 3. COMPOSITION / INFORMATION ON INGREDIENTS**

Substance / mixture	: Mixture
Chemical name	: DME medium
% content	: Purified water 95% DME Medium 5%
CAS number	: Purified water 7732-18-5 DME Medium --
EC number	: Purified water 231-791-2 DME Medium --
Hazardous ingredients	: None
Hazardous impurities	: None

Impurities and stabilizing additives which are themselves classified and which contribute to the classification of the substance - Not applicable

---

### **Section 4. FIRST-AID MEASURES**

Inhalation	: Excessive inhalation of dust can mechanically impede respiration. Remove from exposure and supply fresh air. If required provide artificial respiration. Get medical aid if cough or other symptoms appear.
Skin contact	: Wash off with soap and lukewarm water. If skin irritation or rash occurs, get medical attention/advice.
Eye contact	: Even if very small amount contact, rinsing by clean water for at least 15 minutes, and get ophthalmologist's examination. Remove contact lenses, unless it sticks to the eye. Then continue rinsing.
Ingestion	: Product is non-hazardous; however, excessive ingestion at once may block a throat. Rinse mouth with water, give about 250 ml of water to dilute in the stomach, and do not induce to vomit. Receive the doctor's treatment (stomach pump) if other symptoms appear.

---

### **Section 5. FIRE FIGHTING PROCEDURES**

Extinguishing media	: Water (First aid), Chemical powder, Carbon dioxide, Foam, and dry sand. (This product cannot ignite, due to presence of excess water)
---------------------	---

Unsuitable extinguishing media : In case of large fires, do not use water.

General fire hazards : If this product is involved in a fire, the following can be released - Carbon monoxide and carbon dioxide. Nitrogen oxides (NOx) and Sulfur oxides (SOx)

Specific extinction method : Shut off all sources of ignition. Wear proper protective equipment. After extinguishing, keep personnel out by roping round until inside of material cools.

Special protective for fire-fighters : Wear full body protective clothing with breathing apparatus.

---

## Section 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, Protective equipment and emergency procedures : Wear protective goggles, gloves and long-sleeved clothing, when handling.

Environmental precautions : Avoid release of this material into sewer, watercourse or river.

Removing method : No special treatment is necessary. In case the product is spilled, vacuum or sweep up the material for disposal. Materials can be disposed of according to local regulations.

CAUTION! : Surface that may be covered with the product will become extremely slippery upon application of water. Wet spills should be thoroughly flushed with lukewarm water until non-slippery.

---

## Section 7. HANDLING AND STORAGE

Handling : It is recommended to use a dust respirator and goggles, if huge amount of dust formation is expected (usually when handling large quantities).

Storage condition : Keep tightly closed. Store in cool and dry place. Store at 4-8°C.

---

## Section 8. EXPOSURE CONTROL / PERSONAL PROTECTION

Chemical Name	ACGIH	NIOSH	OSHA-Final PELs

Exposure controls : Using ventilator is recommended when handling. Maintain water supply and eye wash facility nearby.

Control parameters : Not applicable

Engineering measure : Not applicable

### **Protective Equipment**

Respiratory protection : Respirators (protective mask)

Hand protection : Gloves (water resistant)

Eye protection : Normal eyeglasses, normal eyeglasses with side shields, or safety goggles described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166.

Skin and body protection : Long-sleeved clothing (water resistant) and protective boots.

Proper measure for health : Wash hands thoroughly and gargle after handling, before eating and drinking.

---

## **Section 9. PHYSICAL AND CHEMICAL PROPERTIES**

Appearance	: Solution
Color	: Pale yellow to red
Odor	: Almost odorless
pH	: 5.0 – 6.5
Boiling point	: Not applicable
Melting point	: Not applicable
Flash point	: Not applicable
Auto ignition temperature (ignition temperature)	: No data
Explosion properties	: No data
Vapor pressure	: No data
Vapor density	: No data
Vapor rate	: No data
Specific gravity (relative density)	: No data
Decomposition temperature	: No data
Solubility	: Soluble in water
n-Octanol / water partition coefficient	: No data

---

## **Section 10. STABILITY AND REACTIVITY**

Stability : Stable under normal storage and handling

Possibility of hazardous reactions : None

Conditions to avoid : High temperature, high humidity, freezing and direct sunlight

Incompatible material : No data  
Others : No information

---

## Section 11. TOXICOLOGICAL INFORMATION

Acute toxicity : No data  
LD 50 / LC 50 RTECS : Not available  
Skin corrosion / irritation : No data  
Serious eye damage / eye irritation : No data  
Respiratory / skin sensitization : No data  
Germ cell mutagenicity : No data  
Carcinogenicity : Not listed by EPA, ACGIH, IARC, NTP, OSHA  
or CA Prop 65  
Reproductive toxicity : No data  
Specific target organ toxicity- single exposure : No data  
Specific target organ toxicity- repeated exposure : No data  
Aspiration hazard : No data  
Others : No data

---

## Section 12. ECOLOGICAL INFORMATION

Eco toxicity : No data  
Fish toxicity : No data  
Environmental fate, persistence and  
degradability, mobility : No data  
General notes : Do not allow material to be released in the environment  
without proper governmental permits.  
Ecological Accumulation : No data  
Mobility in soil : No data  
Results of PBT and vPvB assessment  
PBT : Not applicable  
vPvB : Not applicable  
Other adverse effects : No further relevant information available

---

### Section 13. DISPOSAL CONSIDERATIONS

In case of large quantities, disposal needs to be carried out in compliance with the respective national and local regulations. Dispose of contents/container to waste disposing company having the official approval of laws and regulations. Waste liquid arising from disposal should be properly treated.

---

### Section 14. TRANSPORT INFORMATION

International regulation	: DOT, ADN IMDG. IATA
UN class of dangerous material in definition of the UN	: Not available
UN number	: Not available
Packing group	: Not available
Marine pollution material	: Not available
Domestic regulations	: Follow all regulation on the transport in your country or region
Safety measure and condition on transportation	: Protect against tumble, fall, physical damage and direct sunlight during loading to avoid shift in transit
Emergency response guideline number	: Not available
Transport in bulk according to Annex of MARPOL73/78 and the IBC Code	: Not available

---

### Section 15. REGULATORY INFORMATION

None

---

### Section 16. OTHER INFORMATION
