SPECIFICATION

L-Anserine Nitrate Reference Material

Traceable Reference Material

REQUIREMENT	SPECIFICATION
Appearance Solubility in water (after drying)	White ∼ nearly white, crystalline powder ∼ powder to pass test
Specific rotation [α]D20(c=1,H2O) (after drying)	+12~+17°
Loss on drying over sulfuric acid in vacuum Assay (as anserine)	max.0.5% 77.3~81.2%
Assay (as ansenne)	77.5 -01.270
