

Code No.03-2286

## SPECIFICATION

### Chlordimeform Standard

for Pesticide Residue Analysis

| REQUIREMENT           | SPECIFICATION   |
|-----------------------|---|
| Appearance            | White ~ slightly yellow,<br>crystals ~ crystalline powder or mass<br>to pass test |
| Solubility in acetone |   |
| Melting point         | 29~33°C   |
| Water                 | max.0.2%  |
| Assay (capillary GC)  | min.98.0%   |
| Assay (qNMR)          | min.98.0%   |
