SPECIFICATION

1,5-Diphenylcarbonohydrazide

for Chromium (VI) Analysis

REQUIREMENT	SPECIFICATION
Appearance	White \sim slightly red, crystalline powder \sim powder
Solubility in acetone	to pass test
Melting point	171~175℃
Suitability for chromium determination	to pass test
Molar absorptivity (chromium complex)	min.42000

(1 / 1) revised on 2012/08/09
