SPECIFICATION

Lysozyme, from Egg White

for Biochemistry

REQUIREMENT	SPECIFICATION
Appearance	White \sim slightly yellow, powder or granules
Solubility in water	to pass test
Specific absorbance E1%1cm (λ max)	under investigation
Loss on drying at 105℃	max.8.0%
pH of a 15g/L solution at 25℃	3.0~5.0
Chloride (CI)	max.4.2%
Potency (calculated on the dried basis)	min.0.8mg Lysozyme/mg

(1 / 1) established on 2018/09/11
