

Code No.19-0942

SPECIFICATION

Sodium Iodide, 99.9%

REQUIREMENT	SPECIFICATION
Appearance	White, crystalline powder ~ powder or granules under investigation
Solubility in water	
Loss on drying at 110°C	under investigation
* Purity (subtracting method)	min.99.9%
Assay (volumetric analysis) (after drying)	min.99.5%

*:calculated by subtracting method with determination of metal impurities
