

SPECIFICATION

Tripelennamine Hydrochloride Standard for High Performance Liquid Chromatography

| REQUIREMENT | SPECIFICATION |
|-------------------------|---|
| Appearance | White ~ pale yellow, crystalline powder ~ powder to pass test |
| Solubility in water | |
| Melting point | 188~192°C |
| Loss on drying at 105°C | max.0.2% |
| Assay (HPLC) | min.98.0% |
