

Code No.03-1288

## SPECIFICATION

## Copper(I) Bromide, 99.9%

| REQUIREMENT                   | SPECIFICATION                                                                                                                                  |
|-------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| Appearance                    | Slightly yellowish green ~ pale grayish green,<br>crystals ~ powder or mass<br>under investigation<br><br>min.99.9%<br><br>under investigation |
| Solubility in dil.nitric acid |                                                                                                                                                |
| * Purity (subtracting method) |                                                                                                                                                |
| Assay (volumetric analysis)   |                                                                                                                                                |

\*:calculated by subtracting method with determination of metal impurities
