SPECIFICATION

Disodium Edetate Hydrate

Japanese Pharmacopoeia

REQUIREMENT	SPECIFICATION
Description	White crystals or crystalline powder
Identification	to pass test
На	4.3~4.7
Purity	-
Clarity and color of solution	to pass test
Cyanide	to pass test
Heavy metals	not more than 10ppm
Arsenic	not more than 2ppm
Residue on ignition	37~39%
Assay	not less than 99.0%
Bacterial endotoxins	less than 10.0EU/g
	Description Identification pH Purity Clarity and color of solution Cyanide Heavy metals Arsenic Residue on ignition Assay
