

Code No.04-3502

SPECIFICATION

Dimethyl Sulfoxide

for the Japanese Pharmacopoeia General Tests (for UV-vis Spectrophotometry)

REQUIREMENT	SPECIFICATION
Description	Colorless crystals or clear colorless liquid
Congealing point	not less than 18.3°C
Absorbance (270nm)	not more than 0.20
Absorbance (275nm)	not more than 0.09
Absorbance (280nm)	not more than 0.06
Absorbance (300nm)	not more than 0.015
Absorbance (260~350nm)	to pass test
Water	not more than 0.1%

This product is suited for Dimethyl sulfoxide for ultraviolet-visible spectrophotometry of general tests on The Japanese Pharmacopoeia
