

Code No.12-0672

SPECIFICATION

Lysozyme, from Egg White for Biochemistry

| REQUIREMENT | SPECIFICATION |
|---|---|
| Appearance | White ~ slightly yellow, powder or granules |
| Solubility in water | to pass test |
| Specific absorbance E1%1cm (λ max) | under investigation |
| Loss on drying at 105°C | max.8.0% |
| pH of a 15g/L solution at 25°C | 3.0~5.0 |
| Chloride (Cl) | max.4.2% |
| Potency (calculated on the dried basis) | min.0.8mg Lysozyme/mg |
