

Code No.13-1255

# SPECIFICATION

## 2mol/L Methanesulfonic Acid Solution for Ion Chromatography

| REQUIREMENT                                  | SPECIFICATION          |
|--|------------------------|
| Appearance                                   | Colorless clear liquid |
| Suitability for ion chromatographic analysis | to pass test           |
| Concentration                                | 1.94~2.06mol/L         |
