SPECIFICATION

Neodymium Nitrate Hexahydrate, 99.5%

	REQUIREMENT	SPECIFICATION
Ap	ppearance	Pale purple \sim purple, crystals \sim crystalline powder
So	olubility in dil.nitric acid	to pass test
* Pu	urity (subtracting method)	min.99.5%
As	ssay (volumetric analysis)	98.0~102.0%

^{*:}calculated by subtracting method with determination of metal impurities
