

SPECIFICATION

Isonicotinamide

Wako Special Grade

| REQUIREMENT | SPECIFICATION |
|------------------------------------------|--------------------------------------|
| Appearance | White, crystals ~ crystalline powder |
| Solubility in water | to pass test |
| Solubility in ethanol | to pass test |
| Melting point | 156~159°C |
| Loss on drying over silica gel in vacuum | under investigation |
| Assay (HPLC) | min.99.0% |
