

# SPECIFICATION

## 0.05mol/L Sulfuric Acid for Volumetric Analysis

| REQUIREMENT                              | SPECIFICATION          |
|--|------------------------|
| Appearance                               | Colorless clear liquid |
| Factor (20°C) (potentiometric titration) | 0.990~1.009            |
