

Code No.20-0934

SPECIFICATION

Tantalum(V) Oxide, 99.9%

| REQUIREMENT | SPECIFICATION |
|-------------------------------------|--|
| Appearance | White ~ nearly white, granules or powder |
| Solubility in dil.hydrofluoric acid | under investigation |
| Loss on ignition at 750°C | under investigation |
| * Purity (subtracting method) | min.99.9% |

*:calculated by subtracting method with determination of metal impurities
