

Code No.20-1970

## SPECIFICATION

## Triammonium 12 Molybdo(VI) Phosphate

Wako 1st Grade

| REQUIREMENT                               | SPECIFICATION                                   |
|---|---|
| Appearance                                | Yellow powder                                   |
| Solubility in dil.ammonia solution        | to pass test                                    |
| Water                                     | 1.0~5.0%  |
| Chloride (Cl)                             | max.0.01%                                       |
| Nitrate                                   | to pass test (NO <sub>3</sub> :max.about 0.05%) |
| Sulfate (SO <sub>4</sub> )                | max.0.02%                                       |
| Calcium                                   | to pass test                                    |
| Assay (calculated on the dehydrous basis) | min.97.0%                                       |
