

## SAFETY DATA SHEET

Issue Date 18-Dec-2025  
Revision Number 1.06

## 1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

**Product identifier****Product Name** Propyl Benzoate**Other means of identification****Product Code(s)** 164-04893**Recommended use of the chemical and restrictions on use****Recommended Use** For research use only.**Uses advised against** Seek expert judgment when using for purposes other than those recommended.**Details of the supplier of the safety data sheet****Manufacturer Address**

FUJIFILM Wako Pure Chemical Corporation

1-2, Doshomachi 3-Chome,

Chuo-ku Osaka 540-8605, Japan

Tel : +81-6-6203-3741

Fax: +81-6-6201-5964

**Distributor**

FUJIFILM Irvine Scientific

E. Warner Avenue, Santa Ana, CA 92705-5505, U.S.A.: +1 949 261 7800

Fax: +1 949 261 6522

## 2. HAZARDS IDENTIFICATION

**GHS classification****Classification of the substance or mixture**

Not a hazardous substance or mixture according to the Globally Harmonized System (GHS)

**Pictograms****Signal word** None**Hazard statements**

Not a hazardous substance or mixture according to the Globally Harmonized System (GHS)

**Precautionary statements-(Prevention)**

Not applicable

**Precautionary statements-(Response)**

Not applicable

**Precautionary statements-(Storage)**

Not applicable

**Precautionary statements-(Disposal)**

Not applicable

**Others****Other hazards** Not available

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

**Single Substance or Mixture** Substance**Formula** C<sub>6</sub>H<sub>5</sub>COOCH<sub>2</sub>CH<sub>2</sub>CH<sub>3</sub>

| Chemical Name   | Molecular weight | CAS RN    | Weight-% |
|-----------------|------------------|-----------|----------|
| Propyl Benzoate | 164.20           | 2315-68-6 | 98.0     |

**Impurities and/or Additives:** Not applicable

#### 4. FIRST AID MEASURES

##### First aid measures

|              |                                                                                                                                                                           |
|--------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eye contact  | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician.                                                      |
| Skin contact | Wash skin with soap and water.                                                                                                                                            |
| Inhalation   | Remove to fresh air.                                                                                                                                                      |
| Ingestion    | Rinse mouth. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately. Do not induce vomiting without medical advice. |

##### Most important symptoms and effects, both acute and delayed

|          |                           |
|----------|---------------------------|
| Symptoms | No information available. |
|----------|---------------------------|

##### Indication of any immediate medical attention and special treatment needed

|                    |                        |
|--------------------|------------------------|
| Note to physicians | Treat symptomatically. |
|--------------------|------------------------|

#### 5. FIRE-FIGHTING MEASURES

##### Suitable Extinguishing media

Carbon dioxide (CO<sub>2</sub>). Foam. Extinguishing powder. Sand.

##### Specific hazards arising from the chemical

Thermal decomposition can lead to release of irritating and toxic gases and vapors.

##### Explosion data

Sensitivity to Mechanical Impact

none.

Impact

Sensitivity to Static Discharge

none.

##### Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

#### 6. ACCIDENTAL RELEASE MEASURES

##### Personal precautions, protective equipment and emergency procedures

|                                                                     |                                                            |
|---------------------------------------------------------------------|------------------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | Ensure adequate ventilation, especially in confined areas. |
|---------------------------------------------------------------------|------------------------------------------------------------|

##### Environmental precautions

|                           |                                                       |
|---------------------------|-------------------------------------------------------|
| Environmental precautions | See Section 12 for additional ecological information. |
|---------------------------|-------------------------------------------------------|

##### Methods and material for containment and cleaning up

|                                                      |                                                                                            |
|------------------------------------------------------|--------------------------------------------------------------------------------------------|
| Methods and material for containment and cleaning up | Absorb dry sand, earth, sawdust and the waste. Collect empty container that can be sealed. |
| Methods for cleaning up                              | Pick up and transfer to properly labeled containers.                                       |

#### 7. HANDLING AND STORAGE

**Precautions for safe handling**

|                     |                                                                                                        |
|---------------------|--------------------------------------------------------------------------------------------------------|
| Technical measures  | Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Use with local exhaust ventilation. |
| Protective measures | Handle in accordance with good industrial hygiene and safety practice.                                 |

**Conditions for safe storage, including any incompatibilities**

|                        |                                                                                                                         |
|------------------------|-------------------------------------------------------------------------------------------------------------------------|
| Storage conditions     | Store away from sunlight in well-ventilated place at room temperature (preferably cool). Keep container tightly closed. |
| Packaging materials    | Glass.                                                                                                                  |
| Incompatible materials | Strong oxidizing agents.                                                                                                |

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION****Engineering controls**

In case of indoor workplace, seal the source or use a local exhaust system. Provide the safety shower facility, and hand- and eye-wash facility. And display their position clearly.

|                 |                |
|-----------------|----------------|
| Exposure limits | Not applicable |
|-----------------|----------------|

**Personal protective equipment**

|                          |                                                               |
|--------------------------|---------------------------------------------------------------|
| Respiratory protection   | Protective mask                                               |
| Hand protection          | chemical protective gloves ( JIS T 8116 )                     |
| Eye protection           | protective eyeglasses or chemical safety goggles (JIS T 8147) |
| Skin and body protection | Long-sleeved work clothes                                     |

**General hygiene considerations**

Handle in accordance with good industrial hygiene and safety practice.

**9. PHYSICAL AND CHEMICAL PROPERTIES**

|                                                        |                                                                                      |
|--------------------------------------------------------|--------------------------------------------------------------------------------------|
| Form                                                   |                                                                                      |
| Color                                                  | colorless                                                                            |
| Turbidity                                              | clear                                                                                |
| Appearance                                             | liquid                                                                               |
| Odor                                                   | characteristic odor                                                                  |
| pH                                                     | no data available                                                                    |
| Melting point/freezing point                           | no data available                                                                    |
| Boiling point, initial boiling point and boiling range | 230 °C                                                                               |
| Flash point                                            | 101 °C                                                                               |
| Evaporation rate:                                      | no data available                                                                    |
| Flammability (solid, gas):                             | no data available                                                                    |
| Upper/lower flammability or explosive limits           |                                                                                      |
| Upper:                                                 | no data available                                                                    |
| Lower:                                                 | no data available                                                                    |
| Vapour pressure                                        | no data available                                                                    |
| Vapour density                                         | 5.7 (air = 1)                                                                        |
| Specific Gravity / Relative density                    | 1.024 - 1.029 g/mL                                                                   |
| Solubilities                                           | Ethanol and acetone : freely soluble . water : practically insoluble, or insoluble . |
| n-Octanol/water partition coefficient:(log Pow)        | no data available                                                                    |
| Auto-ignition temperature:                             | no data available                                                                    |
| Decomposition temperature:                             | no data available                                                                    |
| Viscosity (coefficient of viscosity)                   | no data available                                                                    |
| Dynamic viscosity                                      | no data available                                                                    |
| Particle characteristics                               | no data available                                                                    |

**10. STABILITY AND REACTIVITY****Stability****Chemical stability**

Stable under recommended storage conditions.

**Reactivity**

no data available

**Hazardous reactions**

None under normal processing

**Conditions to avoid**

Extremes of temperature and direct sunlight, Heat, flames and sparks, static electricity, spark

**Incompatible materials**

Strong oxidizing agents

**Hazardous decomposition products**Carbon monoxide (CO), Carbon dioxide (CO<sub>2</sub>)**11. TOXICOLOGICAL INFORMATION****Acute toxicity**

no data available

**Skin irritation/corrosion**

no data available

**Serious eye damage/ irritation**

no data available

**Respiratory or skin sensitization**

no data available

**Reproductive cell mutagenicity**

no data available

**Carcinogenicity**

no data available

**Reproductive toxicity**

no data available

**STOT-single exposure**

no data available

**STOT-repeated exposure**

no data available

**Aspiration hazard**

no data available

**12. ECOLOGICAL INFORMATION****Ecotoxicity**

no data available

**Persistence and degradability**

No information available

**Bioaccumulative potential**

No information available

**Mobility**

no data available

**Mobility in soil**

No information available

**Other Data**

No information available

**13. DISPOSAL CONSIDERATIONS****Waste treatment methods****Disposal of wastes**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

Precautionary including method of Disposal should be in accordance with applicable regional, national and local laws and disposing contaminated packaging regulations.

#### 14. TRANSPORT INFORMATION

**DOT** Not regulated  
**UN/ID No** Not applicable  
**Proper shipping name:**  
**UN classification**  
**Subsidiary hazard class**  
**Packing group**  
**Marine pollutant** Not applicable

**IATA** Not regulated  
**UN/ID No** -  
**Proper shipping name:**  
**UN classification**  
**Subsidiary hazard class**  
**Packing group**  
**Environmentally Hazardous Substance** Not applicable

**IMDG** Not regulated  
**UN/ID No** -  
**Proper shipping name:**  
**UN classification**  
**Subsidiary hazard class**  
**Packing group**  
**Marine pollutant (Sea)** Not applicable

#### 15. REGULATORY INFORMATION

##### US Federal Regulations

##### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

| Chemical Name               | CAS RN    | Weight-% | SARA 313 - Threshold Values % |
|-----------------------------|-----------|----------|-------------------------------|
| Propyl Benzoate - 2315-68-6 | 2315-68-6 | 98.0     | N/A                           |

##### SARA 311/312 Hazard Categories

**Acute health hazard** No  
**Chronic Health Hazard** No  
**Fire hazard** No  
**Sudden release of pressure hazard** No  
**Reactive Hazard** No

##### CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

##### CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

**US State Regulations**

**California Proposition 65**

This product does not contain any chemicals regulated by Proposition 65

**U.S. State Right-to-Know Regulations**

This product does not contain any substances regulated by state right-to-know regulations

**U.S. EPA Label Information**

**EPA Pesticide Registration Number**Not applicable

|                              |
