

# SAFETY DATA SHEET

According to JIS Z 7253:2019 Revision date 27-Feb-2024 Revision Number 7.03

Category 2 Category 4 Category 2A Category 1B

Category 1

Category 1, Category 3

# Section 1: PRODUCT AND COMPANY IDENTIFICATION

| Product Name  | Vinyl Acetate, Polymer, Methanol Solution   |
|---|---|
| Product Code  | 222-00465   |
| Supplier  | FUJIFILM Wako Pure Chemical Corporation<br>1-2 Doshomachi 3-Chome, Chuo-ku, Osaka 540-8605, Japan<br>Phone: +81-6-6203-3741<br>Fax: +81-6-6203-2029 |
| Emergency telephone number<br>Recommended uses<br>Restrictions on use | +81-6-6203-3741 / +81-3-3270-8571<br>For research use only<br>Seek expert judgment when using for purposes other than those recommended.            |

### Section 2: HAZARDS IDENTIFICATION

| GHS classification   |
|--|
| Classification of the substance or mixture                         |
| Flammable liquids  |
| Acute toxicity - Oral  |
| Serious eye damage/eye irritation                                  |
| Reproductive Toxicity  |
|  |
| Specific target organ toxicity (single exposure)                   |
| Category 1 central nervous system, Visual organ, systemic toxicity |
| Category 3 Narcotic effects  |
| Specific target organ toxicity (repeated exposure)                 |
| Category 1 central nervous system, Visual organ                    |
|  |
| Pictograms   |

Signal word Danger

Hazard statements

- H225 Highly flammable liquid and vapor
- H319 Causes serious eye irritation
- H302 Harmful if swallowed
- H360 May damage fertility or the unborn child
- H336 May cause drowsiness or dizziness
- H370 Causes damage to the following organs: central nervous system, Visual organ, systemic toxicity

H372 - Causes damage to the following organs through prolonged or repeated exposure: central nervous system, Visual organ

#### **Precautionary statements-(Prevention)**

- Obtain special instructions before use
- Do not handle until all safety precautions have been read and understood
- · Use personal protective equipment as required
- Wash face, hands and any exposed skin thoroughly after handling

- · Do not eat, drink or smoke when using this product
- Do not breathe dust/fume/gas/mist/vapors/spray
- Use only outdoors or in a well-ventilated area
- · Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking
- Keep container tightly closed
- · Ground/bond container and receiving equipment
- Use explosion-proof electrical/ ventilating / lighting / equipment
- · Use only non-sparking tools
- Take precautionary measures against static discharge
- Keep cool

#### Precautionary statements-(Response)

• IF exposed: Call a POISON CENTER or doctor/physician

• IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

- If eye irritation persists: Get medical advice/attention
- IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower
- IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing
- Call a POISON CENTER or doctor/physician if you feel unwell
- IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell
- Rinse mouth
- In case of fire: Use suitable extinguishing media for extinction

#### Precautionary statements-(Storage)

- Store locked up
- Store in a well-ventilated place. Keep container tightly closed

Precautionary statements-(Disposal)

• Dispose of contents/container to an approved waste disposal plant

#### Others Other hazards

Not available

Mixture

# Section 3: COMPOSITION/INFORMATION ON INGREDIENTS

Single Substance or Mixture

| Chemical Name       | Weight-% | Molecular weight                | ENCS                       | ISHL No. | CAS RN    |
|---------------------|----------|---------------------------------|----------------------------|----------|-----------|
| Methanol            | 50       | 32.04                           | (2)-201                    | *        | 67-56-1   |
| Poly(vinyl acetate) | 50       | N/A                             | (6)-295                    | 公表       | 9003-20-7 |
| Nata an IOUL Na i   | * :      | A a la la una a una a una a una | منعط ملعم أمما مريام المما |          |           |

Note on ISHL No.:

\* in the table means announced chemical substances.

# Section 4: FIRST AID MEASURES

#### Inhalation

Remove to fresh air. If symptoms persist, call a physician.

#### Skin contact

Wash off immediately with soap and plenty of water. If symptoms persist, call a physician.

#### Eye contact

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediate medical attention is required.

#### Ingestion

Rinse mouth. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately. Do not induce vomiting without medical advice.

### Protection of first-aiders

Use personal protective equipment as required.

## Section 5: FIRE FIGHTING MEASURES

#### Suitable extinguishing media

Water spray (fog), Carbon dioxide (CO2), Foam, Extinguishing powder, Sand

Unsuitable extinguishing media

#### No information available

Specific hazards arising from the chemical product

Thermal decomposition can lead to release of irritating and toxic gases and vapors. Vapors may form explosive mixture with air

#### Special extinguishing method

No information available

#### Special protective actions for fire-fighters

Use personal protective equipment as required. Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear.

### Section 6: ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

For indoor, provide adequate ventilation process until the end of working. Deny unnecessary entry other than the people involved by, for example, using a rope. While working, wear appropriate protective equipments to avoid adhering it on skin, or inhaling the gas. Work from windward, and retract the people downwind.

#### **Environmental precautions**

To be careful not discharged to the environment without being properly handled waste water contaminated.

Methods and materials for contaminent and methods and materials for cleaning up

Absorb dry sand, earth, sawdust and the waste. Collect empty container that can be sealed.

## Recoverly, neutralization

#### No information available Secondary disaster prevention measures

Clean contaminated objects and areas thoroughly observing environmental regulations.

# Section 7: HANDLING AND STORAGE

#### **Handling**

#### Technical measures

Highly flammable. Avoid contact with high temperature objects, spark, and strong oxidizing agents. Use with local exhaust ventilation.

#### Precautions

Do not rough handling containers, such as upsetting, falling, giving a shock, and dragging. Prevent leakage, overflow, and scattering. Not to generate steam and dust in vain. Seal the container after use. After handling, wash hands and face, and then gargle. In places other than those specified, should not be smoking or eating and drinking. Should not be brought contaminated protective equipment and gloves to rest stops. Deny unnecessary entry of non-emergency personnel to the handling area.

#### Safety handling precautions

Take necessary action to avoid static electricity discharge (which might cause ignition of organic vapors). Use personal protective equipment as required. Avoid contact with skin, eyes or clothing.

### Storage

Safe storage conditions Storage conditions

Incompatible substances

Safe packaging material

Store away from sunlight in well-ventilated place at room temperature (preferably cool). Keep container tightly closed. Glass Strong oxidizing agents

## Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

#### **Engineering controls**

In case of indoor workplace, seal the source or use a local exhaust system. Provide the safety shower facility, and handand eye-wash facility. And display their position clearly.

#### Exposure limits

| Chemical Name | JSOH (Japan)                   | ISHL (Japan) | ACGIH                             |
|---------------|--------------------------------|--------------|-----------------------------------|
| Methanol      | TWA: 200 ppm OEL               | 200ppm       | TWA 200ppm(260mg/m <sup>3</sup> ) |
| 67-56-1       | TWA: 260 mg/m <sup>3</sup> OEL |              | STEL 250ppm                       |
|               | Skin                           |              |                                   |
|               | ISHL/ACL: 200 ppm              |              |                                   |

#### Personal protective equipment

Respiratory protectiongas mask for organic gas (JIS T 8152)Hand protectionchemical protective gloves (JIS T 8116)Eye protectionprotective eyeglasses or chemical safety goggles (JIS T 8147)Skin and body protectionLong-sleeved work clothes

#### General hygiene considerations

Handle in accordance with good industrial hygiene and safety practice. If this product is classified as "Chemical Substances Hazardous to Skin, etc.", use appropriate protective equipment to them.

## Section 9: PHYSICAL AND CHEMICAL PROPERTIES

Form

### Section 10: STABILITY AND REACTIVITY

#### Stability

 Reactivity
 no data available

 Chemical stability
 Stable under recommended storage conditions.

 Hazardous reactions
 Stable under recommended storage conditions.

 None under normal processing
 Conditions to avoid

 Extremes of temperature and direct sunlight, Heat, flames and sparks, static electricity, spark

 Incompatible materials

 Strong oxidizing agents

 Hazardous decomposition products

 Carbon monooxide (CO), Carbon dioxide (CO2)

# Section 11: TOXICOLOGICAL INFORMATION

Acute toxicity
