

# SAFETY DATA SHEET

According to JIS Z 7253:2019 **Revision date** 01-Mar-2024 Revision Number 1.01

# Section 1: PRODUCT AND COMPANY IDENTIFICATION

| Product Name                                   | CD9-Capture Human Exosome ELISA Kit (Streptavidin HRP)  |
|--|---|
| Product Code                                   | 296-83701   |
| Supplier                                       | FUJIFILM Wako Pure Chemical Corporation<br>1-2 Doshomachi 3-Chome, Chuo-ku, Osaka 540-8605, Japan |
|  | Phone: +81-6-6203-3741  |
| Emergency telephone number                     | Fax: +81-6-6203-2029<br>+81-6-6203-3741 / +81-3-3270-8571   |
| Emergency telephone number<br>Recommended uses | For research use only   |
| Restrictions on use                            | Seek expert judgment when using for purposes other than those recommended.                        |

### Section 2: HAZARDS IDENTIFICATION

GHS classification <u>Classification of the substance or mixture</u> Acute toxicity - Inhalation (Vapors) Skin corrosion/irritation Serious eye damage/eye irritation Specific target organ toxicity (single exposure) Category 1 respiratory system Specific target organ toxicity (repeated exposure) Category 1 respiratory system

Category 4 Category 1 Category 1 Category 1

Category 1

Pictograms

### Hazard statements

- H314 Causes severe skin burns and eye damage
- H318 Causes serious eye damage
- H332 Harmful if inhaled
- H370 Causes damage to the following organs: respiratory system
- H372 Causes damage to the following organs through prolonged or repeated exposure: respiratory system

### **Precautionary statements-(Prevention)**

- · Use only outdoors or in a well-ventilated area
- Do not breathe dust/fume/gas/mist/vapors/spray
- Wash face, hands and any exposed skin thoroughly after handling
- Wear protective gloves/protective clothing/eye protection/face protection
- Do not eat, drink or smoke when using this product

### **Precautionary statements-(Response)**

• IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

- · Immediately call a POISON CENTER or doctor/physician
- IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower
- Wash contaminated clothing before reuse
- IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing
- Call a POISON CENTER or doctor/physician if you feel unwell

• IF SWALLOWED: Rinse mouth. Do NOT induce vomiting

# Precautionary statements-(Storage)

Store locked up

### Precautionary statements-(Disposal)

· Dispose of contents/container to an approved waste disposal plant

#### Others Other hazards

Not available

# Section 3: COMPOSITION/INFORMATION ON INGREDIENTS

Single Substance or Mixture

Kit (Set of mixtures)

| Chemical Name            | Weight-% | Molecular weight       | ENCS             | ISHL No. | CAS RN      |
|--------------------------|----------|------------------------|------------------|----------|-------------|
| Anti-CD9                 | -        | N/A                    | N/A              | N/A      | N/A-29-8371 |
| Antibody-immobilized 96  |          |                        |                  |          |             |
| Well Plate               |          |                        |                  |          |             |
| Plate Seal               | -        | N/A                    | N/A              | N/A      | N/A-29-8372 |
| Sample Reaction Buffer   | -        | N/A                    | N/A              | N/A      | N/A-29-8373 |
| Antibody Reaction Buffer | -        | N/A                    | N/A              | N/A      | N/A-29-8374 |
| Washing Buffer (10x)     | -        | N/A                    | N/A              | N/A      | N/A-29-8375 |
| Control Biotinylated     | -        | N/A                    | N/A              | N/A      | N/A-29-8376 |
| Antibody Anti-CD9(100×)  |          |                        |                  |          |             |
| HRP-conjugated           | -        | N/A                    | N/A              | N/A      | N/A-29-8377 |
| Streptavidin(100x)       |          |                        |                  |          |             |
| TMB Solution             | -        | N/A                    | N/A              | N/A      | N/A-29-8378 |
| Stop Solution            | -        | N/A                    | N/A              | N/A      | N/A-29-8379 |
| Note on ISHI No.:        | * in th  | e table means announce | ed chemical subs | tances   |             |

Note on ISHL No.:

\* in the table means announced chemical substances.

Hazardous Component

Sulfuric Acid <10%

# Section 4: FIRST AID MEASURES

### Inhalation

Remove to fresh air. If symptoms persist, call a physician.

Skin contact

Wash off immediately with soap and plenty of water. If symptoms persist, call a physician.

### Eye contact

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediate medical attention is required.

# Ingestion

Rinse mouth. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately. Do not induce vomiting without medical advice.

### Protection of first-aiders

Use personal protective equipment as required.

Section 5: FIRE FIGHTING MEASURES

### Suitable extinguishing media

Water spray (fog), Carbon dioxide (CO2), Foam, Extinguishing powder, Sand

### Unsuitable extinguishing media

No information available

### Specific hazards arising from the chemical product

Thermal decomposition can lead to release of irritating and toxic gases and vapors.

### Special extinguishing method

No information available

### Special protective actions for fire-fighters

Use personal protective equipment as required. Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear.

# Section 6: ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

For indoor, provide adequate ventilation process until the end of working. Deny unnecessary entry other than the people involved by, for example, using a rope. While working, wear appropriate protective equipments to avoid adhering it on skin, or inhaling the gas. Work from windward, and retract the people downwind.

### **Environmental precautions**

To be careful not discharged to the environment without being properly handled waste water contaminated.

Methods and materials for contaminent and methods and materials for cleaning up

Sweep up and gather scattered particles, and collect it in an empty airtight container.

### Recoverly, neutralization

No information available

### Secondary disaster prevention measures

Clean contaminated objects and areas thoroughly observing environmental regulations.

# Section 7: HANDLING AND STORAGE

#### Handling

#### Technical measures

Avoid contact with strong oxidizing agents. Use with local exhaust ventilation.

#### Precautions

Do not rough handling containers, such as upsetting, falling, giving a shock, and dragging. Prevent leakage, overflow, and scattering. Not to generate steam and dust in vain. Seal the container after use. After handling, wash hands and face, and then gargle. In places other than those specified, should not be smoking or eating and drinking. Should not be brought contaminated protective equipment and gloves to rest stops. Deny unnecessary entry of non-emergency personnel to the handling area.

# Safety handling precautions

Use personal protective equipment as required. Avoid contact with skin, eyes or clothing.

### Storage

Safe storage conditions Storage conditions Safe packaging material Incompatible substances

Store away from sunlight in a cool (2-10 °C) well-ventilated dry place. No information available Strong oxidizing agents

# Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

### **Engineering controls**

In case of indoor workplace, seal the source or use a local exhaust system. Provide the safety shower facility, and handand eye-wash facility. And display their position clearly.

### **Exposure limits**

| Ch | nemical Name  | JSOH (Japan)                 | ISHL (Japan) | ACGIH                    |
|----|---------------|------------------------------|--------------|--------------------------|
|    | Sulfuric Acid | Ceiling: 1 mg/m <sup>3</sup> | N/A          | TWA 0.2mg/m <sup>3</sup> |
|    | 7664-93-9     |                              |              |                          |

Personal protective equipment **Respiratory protection** Gas mask for acidic gas (JIS T 8152) Hand protection chemical protective gloves (JIS T 8116) protective eyeglasses or chemical safety goggles (JIS T 8147) Eye protection Long-sleeved work clothes Skin and body protection

# **General hygiene considerations**

Handle in accordance with good industrial hygiene and safety practice.

If this product is classified as "Chemical Substances Hazardous to Skin, etc.", use appropriate protective equipment to them.

# Section 9: PHYSICAL AND CHEMICAL PROPERTIES

| Form   |                       |
|--|-----------------------|
| Appearance   | Kit (Set of mixtures) |
| Odor   | no data available     |
| Melting point/freezing point                           | no data available     |
| Boiling point, initial boiling point and boiling range | no data available     |
| Flammability   | no data available     |
| Evaporation rate:                                      | no data available     |
| Flammability (solid, gas):                             | no data available     |
| Upper/lower flammability or explosive limits           |                       |
| Upper:   | no data available     |
| Lower:   | no data available     |
| Flash point  | no data available     |
| Auto-ignition temperature:                             | no data available     |
| Decomposition temperature:                             | no data available     |
| рН   | no data available     |
| Viscosity (coefficient of viscosity)                   | no data available     |
| Dynamic viscosity                                      | no data available     |
| Solubilities   | No data available     |
| n-Octanol/water partition coefficient:(log Pow)        | no data available     |
| Vapour pressure  | no data available     |
| Specific Gravity / Relative density                    | no data available     |
| Vapour density   | no data available     |
| Particle characteristics                               | no data available     |

# Section 10: STABILITY AND REACTIVITY

Stability

Reactivity no data available Chemical stability Stable under recommended storage conditions. Hazardous reactions None under normal processing Conditions to avoid Extremes of temperature and direct sunlight Incompatible materials Strong oxidizing agents Hazardous decomposition products No information available

# Section 11: TOXICOLOGICAL INFORMATION

Acute toxicity
