

## SAFETY DATA SHEET

According to JIS Z 7253:2019  
Revision date 07-Mar-2023  
Revision Number 2.03

## Section 1: PRODUCT AND COMPANY IDENTIFICATION

|              |                                        |
|--------------|----------------------------------------|
| Product Name | 3-Cyano-4,6-dimethyl-2-hydroxypyridine |
| Product Code | 329-51811,327-51812                    |

|                                          |                                                                                                                                                       |
|------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Manufacturer                             | FUJIFILM Wako Pure Chemical Corporation<br>1-2 Doshomachi 3-Chome<br>Chuo-ku, Osaka 540-8605, Japan<br>Phone: +81-6-6203-3741<br>Fax: +81-6-6203-5964 |
| Supplier                                 | FUJIFILM Wako Pure Chemical Corporation<br>1-2 Doshomachi 3-Chome, Chuo-ku, Osaka 540-8605, Japan<br>Phone: +81-6-6203-3741<br>Fax: +81-6-6203-2029   |
| Emergency telephone number               | +81-6-6203-3741 / +81-3-3270-8571                                                                                                                     |
| Recommended uses and restrictions on use | For research use only                                                                                                                                 |

## Section 2: HAZARDS IDENTIFICATION

## GHS classification

Classification of the substance or mixture

Acute toxicity - Oral

Acute toxicity - Dermal

Acute toxicity - Inhalation (Dusts/Mists)

Skin corrosion/irritation

Serious eye damage/eye irritation

Specific target organ toxicity (single exposure)

Category 3 Respiratory irritation

Category 4

Category 4

Category 4

Category 2

Category 2A

Category 3

## Pictograms

Signal word

Warning

## Hazard statements

H315 - Causes skin irritation

H319 - Causes serious eye irritation

H302 - Harmful if swallowed

H312 - Harmful in contact with skin

H332 - Harmful if inhaled

H335 - May cause respiratory irritation

## Precautionary statements-(Prevention)

- Wash face, hands and any exposed skin thoroughly after handling
- Do not eat, drink or smoke when using this product
- Wear protective gloves/protective clothing/eye protection/face protection
- Avoid breathing dust/fume/gas/mist/vapors/spray

- Use only outdoors or in a well-ventilated area

**Precautionary statements-(Response)**

- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
- If eye irritation persists: Get medical advice/attention
- IF ON SKIN: Wash with plenty of soap and water
- Call a POISON CENTER or doctor/physician if you feel unwell
- If skin irritation occurs: Get medical advice/attention
- Take off contaminated clothing and wash before reuse
- IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing
- Call a POISON CENTER or doctor/physician if you feel unwell
- IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell
- Rinse mouth

**Precautionary statements-(Storage)**

- Store in a well-ventilated place. Keep container tightly closed
- Store locked up

**Precautionary statements-(Disposal)**

- Dispose of contents/container to an approved waste disposal plant

**Others**

**Other hazards** Not available

### Section 3: COMPOSITION/INFORMATION ON INGREDIENTS

**Single Substance or Mixture** Substance

**Formula** C<sub>8</sub>H<sub>8</sub>N<sub>2</sub>O

| Chemical Name                          | Weight-% | Molecular weight | ENCS | ISHL No. | CAS RN   |
|----------------------------------------|----------|------------------|------|----------|----------|
| 3-Cyano-4,6-dimethyl-2-hydroxypyridine | 97.0     | 148.16           | N/A  | N/A      | 769-28-8 |

**Note on ISHL No.:** \* in the table means announced chemical substances.

**Impurities and/or Additives:** Not applicable

### Section 4: FIRST AID MEASURES

**Inhalation**

Remove to fresh air. If symptoms persist, call a physician.

**Skin contact**

Wash off immediately with soap and plenty of water. If symptoms persist, call a physician.

**Eye contact**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediate medical attention is required.

**Ingestion**

Rinse mouth. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately. Do not induce vomiting without medical advice.

**Protection of first-aiders**

Use personal protective equipment as required.

### Section 5: FIRE FIGHTING MEASURES

**Suitable extinguishing media**

Water spray (fog), Carbon dioxide (CO<sub>2</sub>), Foam, Extinguishing powder, Sand

**Unsuitable extinguishing media**

No information available

**Specific hazards arising from the chemical product**

Thermal decomposition can lead to release of irritating and toxic gases and vapors.

**Special extinguishing method**

No information available

**Special protective actions for fire-fighters**

Use personal protective equipment as required. Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear.

## Section 6: ACCIDENTAL RELEASE MEASURES

**Personal precautions, protective equipment and emergency procedures**

For indoor, provide adequate ventilation process until the end of working. Deny unnecessary entry other than the people involved by, for example, using a rope. While working, wear appropriate protective equipments to avoid adhering it on skin, or inhaling the gas. Work from windward, and retract the people downwind.

**Environmental precautions**

To be careful not discharged to the environment without being properly handled waste water contaminated.

**Methods and materials for contaminant and methods and materials for cleaning up**

Sweep up and gather scattered particles, and collect it in an empty airtight container.

**Recovery, neutralization**

No information available

**Secondary disaster prevention measures**

Clean contaminated objects and areas thoroughly observing environmental regulations.

## Section 7: HANDLING AND STORAGE

**Handling****Technical measures**

Avoid contact with strong oxidizing agents. Use with local exhaust ventilation.

**Precautions**

Do not rough handling containers, such as upsetting, falling, giving a shock, and dragging Prevent leakage, overflow, and scattering. Not to generate steam and dust in vain. Seal the container after use. After handling, wash hands and face, and then gargle In places other than those specified, should not be smoking or eating and drinking Should not be brought contaminated protective equipment and gloves to rest stops Deny unnecessary entry of non-emergency personnel to the handling area

**Safety handling precautions**

Avoid contact with skin, eyes or clothing. Use personal protective equipment as required.

**Storage****Safe storage conditions****Storage conditions**

Store away from sunlight in well-ventilated place at room temperature (preferably cool).  
Keep container tightly closed. Store locked up.

**Safe packaging material**

Glass

**Incompatible substances**

Strong oxidizing agents

## Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

**Engineering controls**

In case of indoor workplace, seal the source or use a local exhaust system. Provide the safety shower facility, and hand- and eye-wash facility. And display their position clearly.

**Exposure limits**

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

**Personal protective equipment****Respiratory protection**

Dust mask

**Hand protection**

Protection gloves

**Eye protection**

protective eyeglasses or chemical safety goggles

**Skin and body protection**

Long-sleeved work clothes

**General hygiene considerations**

Handle in accordance with good industrial hygiene and safety practice.

## Section 9: PHYSICAL AND CHEMICAL PROPERTIES

|                                                               |                               |
|---------------------------------------------------------------|-------------------------------|
| <b>Form</b>                                                   |                               |
| <b>Color</b>                                                  | White - slightly brown        |
| <b>Appearance</b>                                             | crystals - crystalline powder |
| <b>Odor</b>                                                   | no data available             |
| <b>Melting point/freezing point</b>                           | 285 - 287 °C                  |
| <b>Boiling point, initial boiling point and boiling range</b> | no data available             |
| <b>Flammability</b>                                           | no data available             |
| <b>Evaporation rate:</b>                                      | no data available             |
| <b>Flammability (solid, gas):</b>                             | no data available             |
| <b>Upper/lower flammability or explosive limits</b>           |                               |
| <b>Upper:</b>                                                 | no data available             |
| <b>Lower:</b>                                                 | no data available             |
| <b>Flash point</b>                                            | no data available             |
| <b>Auto-ignition temperature:</b>                             | no data available             |
| <b>Decomposition temperature:</b>                             | no data available             |
| <b>pH</b>                                                     | no data available             |
| <b>Viscosity (coefficient of viscosity)</b>                   | no data available             |
| <b>Dynamic viscosity</b>                                      | no data available             |
| <b>Solubilities</b>                                           | No data available             |
| <b>n-Octanol/water partition coefficient:(log Pow)</b>        | no data available             |
| <b>Vapour pressure</b>                                        | no data available             |
| <b>Specific Gravity / Relative density</b>                    | no data available             |
| <b>Vapour density</b>                                         | no data available             |
| <b>Particle characteristics</b>                               | no data available             |

## Section 10: STABILITY AND REACTIVITY

### Stability

|                                                                                             |                                              |
|---------------------------------------------------------------------------------------------|----------------------------------------------|
| <b>Reactivity</b>                                                                           | no data available                            |
| <b>Chemical stability</b>                                                                   | Stable under recommended storage conditions. |
| <b>Hazardous reactions</b>                                                                  |                                              |
| None under normal processing                                                                |                                              |
| <b>Conditions to avoid</b>                                                                  |                                              |
| Extremes of temperature and direct sunlight                                                 |                                              |
| <b>Incompatible materials</b>                                                               |                                              |
| Strong oxidizing agents                                                                     |                                              |
| <b>Hazardous decomposition products</b>                                                     |                                              |
| Carbon monoxide (CO), Carbon dioxide (CO <sub>2</sub> ), Nitrogen oxides (NO <sub>x</sub> ) |                                              |

## Section 11: TOXICOLOGICAL INFORMATION

### Acute toxicity

| Chemical Name                          | Oral LD50              | Dermal LD50 | Inhalation LC50 |
|----------------------------------------|------------------------|-------------|-----------------|
| 3-Cyano-4,6-dimethyl-2-hydroxypyridine | >500 mg/kg(rat)(RTECS) | N/A         | N/A             |

|                                          |                   |
|------------------------------------------|-------------------|
| <b>Skin irritation/corrosion</b>         | no data available |
| <b>Serious eye damage/ irritation</b>    | no data available |
| <b>Respiratory or skin sensitization</b> | no data available |
| <b>Reproductive cell mutagenicity</b>    | no data available |
| <b>Carcinogenicity</b>                   | no data available |
| <b>Reproductive toxicity</b>             | no data available |
| <b>STOT-single exposure</b>              | no data available |

STOT-repeated exposure  
Aspiration hazard

no data available  
no data available

## Section 12: ECOLOGICAL INFORMATION

### Ecotoxicity

| Chemical Name                          | Algae/aquatic plants | Fish                                                     | Crustacea |
|----------------------------------------|----------------------|----------------------------------------------------------|-----------|
| 3-Cyano-4,6-dimethyl-2-hydroxypyridine | N/A                  | LC50 : <i>Pimephales promelas</i><br>103 - 238 mg/L 96 h | N/A       |

Other data no data available

Persistence and degradability No information available  
Bioaccumulative potential No information available  
Mobility in soil No information available  
Hazard to the ozone layer No information available

## Section 13: DISPOSAL CONSIDERATIONS

### Waste from residues

Disposal should be in accordance with applicable regional, national and local laws and regulations.

### Contaminated container and contaminated packaging

Disposal should be in accordance with applicable regional, national and local laws and regulations.

## Section 14: TRANSPORT INFORMATION

ADR/RID Not regulated  
UN number -  
Proper shipping name:  
UN classification  
Subsidiary hazard class  
Packing group  
Marine pollutant Not applicable

IMDG Not regulated  
UN number -  
Proper shipping name:  
UN classification  
Subsidiary hazard class  
Packing group  
Marine pollutant (Sea) Not applicable  
Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code No information available

IATA Not regulated  
UN number -  
Proper shipping name:  
UN classification  
Subsidiary hazard class  
Packing group  
Environmentally Hazardous Substance Not applicable
