

SPECIFICATION

Aniline Azo Schaeffer's Salt Color Standard
for Food Additives Test

REQUIREMENT	SPECIFICATION
Appearance	Yellowish red ~ reddish yellow, crystalline powder ~ powder to pass test 480~486nm min.450 under investigation min.95.0%
Solubility in ammonium acetate solution	
Absorption maximum	
Specific absorbance E1%1cm (λ max) (after drying) Water	
Assay (HPLC)
