

# SPECIFICATION

## Bithionol Standard

for High Performance Liquid Chromatography

| REQUIREMENT                              | SPECIFICATION  |           |
|--|--|-----------|
| Appearance                               | White ~ slightly brown, crystalline powder ~<br>powder or mass<br>to pass test |           |
| Solubility in acetone                    |  |           |
| Loss on drying over silica gel in vacuum |  | max.0.2%  |
| Assay (HPLC)                             |  | min.98.0% |
