

Code No.07-0584

# SPECIFICATION

## Geniposidic Acid Standard for Crude Drugs Determination

REQUIREMENT	SPECIFICATION
Appearance	White ~ slightly brown or pale gray, crystals ~ powder
Solubility in methanol	to pass test
Molar absorptivity ( $\lambda$ max)	7800~9400
Water	max.5.0%
Thin layer chromatography test (1)	to pass test
Thin layer chromatography test (2)	to pass test
Assay (HPLC)	min.98.0%
