

Code No.16-2961

## SPECIFICATION

### 1H,1H,2H,2H-Perfluorooctanesulfonic Acid Standard

for Environment Analysis

| REQUIREMENT                 | SPECIFICATION                               |
|-----------------------------|---------------------------------------------|
| Appearance                  | White ~ yellowish red, crystalline powder ~ |
| Solubility in methanol      | powder                                      |
| Water                       | to pass test                                |
| Assay (HPLC) (Linear chain) | measured value                              |
|                             | min.95.0%                                   |
