Code No.19-0942

SPECIFICATION

Sodium Iodide, 99.9%

	REQUIREMENT	SPECIFICATION
	Appearance	White, crystalline powder \sim powder or
	Solubility in water	granules under investigation
	Loss on drying at $110^\circ\!\!\mathrm{C}$	under investigation
*	Purity (subtracting method)	min.99.9%
	Assay (volumetric analysis) (after drying)	min.99.5%

^{*:}calculated by subtracting method with determination of metal impurities
