

Code No.32-8220

## SPECIFICATION

2-Methoxy-4-(4,4,5,5-tetramethyl-1,3,2-dioxaborolan-2-yl)aniline

| REQUIREMENT | SPECIFICATION                               |
|-------------|---------------------------------------------|
| Appearance  | Yellow ~ brown, crystalline powder ~ powder |
| Assay (NMR) | min.95%                                     |
